

## ASQ – CONSENT FORM

We are participating in the Children Youth and Families Department FOCUS Program as part of a statewide effort to improve Early Childhood Education in New Mexico. The first 5 years of life are very important for your child because this time sets the stage for success in school and later life. During infancy and early childhood, your child will gain many experiences and learn many skills. It is important to ensure that each child's development proceeds well during this period.
